Objectives of the Science Exhibition:

Department of Science in association with BARC is organising exhibition on BARC technologies keeping in mind the following objectives:

1. To spread awareness about the advancement in technologies, their benefits and its impact on socio-economic and sustainable development of the country.
2. To inculcate research aptitude in the young minds by exposing them to posters and working models based on recent technologies.
3. To create interest in Science and Technology among the young generation.

Scope of the Conference:

Department of Computer Science and Information Technology and Hexa Digital Forensic Corporation has taken an initiative to organise its first ever Two Days National Conference entitled "Cyber Intelligence, Cyber Forensics and Investigation (CICFI)" in association with BARC, Maharashtra Cyber, Institute of Forensic Science Mumbai (IFSc.) and ISACA (Mumbai Chapter) on 22 - 23 March, 2019.

In the connected world, we each as individuals have a responsibility to protect ourselves and the people we interact with, and it all starts with understanding the importance of Cyber Security, Cyber Forensic & Investigation. The scope of CICFI is expanding day by day, as we continuously explore mechanisms to prevent hacking of important and strategic systems and databases, at the same time find traces of evidence of complex hacks. It provides an opportunity to the academicians, corporates and students to discuss and present in-depth research papers with the jury comprising of eminent personalities from the field of Cyber Intelligence, Cyber Forensics and Investigation.

We are excited about this conference and hope that this will inspire national and international delegates, academicians and industry experts to share their research ideas through this platform. We are especially interested in promoting, inspiring and embracing the theme of conference (CICFI). We are aiming to position this conference as the premiere venue for applied

Objectives of the Conference:

1. To provide platform for interaction amongst the participants & to share innovative ideas in the field of Cyber Forensics & Investigation.
